

2019

2019 Annual Report to the Community

Fostering recovery, building independence and changing destinies

Our Mission

It is the mission of Coleman Professional Services to improve the lives of people it serves regardless of their ability to pay. Coleman delivers mental health, substance use, residential and rehabilitation services. Coleman supports and empowers its employees through continuous improvement.

A Note From Nelson

Coleman continues to grow and serve the people in our communities through Fostering Recovery, Building Independence, and Changing Destinies.

Coleman's important benchmarks remain our focus in FY19. We served 31,317 children and adults in FY19; a 10% increase from FY18. Coleman also exceeded its goals in Job Placements and Residential Placements. A total of 826 employees (731 FTE) were contributing to Coleman's important mission which resulted in a 4.7% increase of employees.

Financially, Coleman remained focused on one of its key strategic goals: financial growth. Our financial year ended with gross revenues at \$58,023,566. Gross revenues increased for the year by \$6,447,951; we exceeded our strategic growth goal by \$2,308,580. The most significant factor in this growth was our "geographic expansion" sector of \$2.3 million. Medicaid redesign in Ohio remained one of Coleman's biggest challenges due to the requirement to work through managed care companies when billing Medicaid.

I continue to be grateful to both clinical and administrative staff for mastering the changes and ensuring a continuity of care to our clients.

Our Social Enterprise Division, including Coleman Data Solutions, Coleman Rental Management, Coleman Consultation, and Bean and the Baker are contributing to Coleman's bottom line. A new Behavioral Health Clinic was opened in Barberton, Ohio; providing Intensive Outpatient Programming and important addiction services. Coleman Crisis Services in Stark opened in August of 2018 after the original nonprofit, CIRC, had financial problems and could not sustain their mission. Contracts in Jefferson County were signed to operate a 6-unit

Fiscal Year 2019 was a year of challenges, successes and celebrations – as we continued to fulfill our mission to grow and serve the people in our communities.

crisis beds program at the Trinity Hospital Systems. Renovations begin by June and should be operational by February 2020.

I am most proud of Coleman's continued focus on quality improvement and customer support. One client writes... "The part Coleman has played in helping me to grow as a person is really immense... Thanks to Coleman, I finally feel like I actually have a life." Our customer satisfaction continues to excel with 89% of our active clients responding in our independent study that "...Coleman has improved my life." As Coleman's leader we will continue to improve in our clinical services when treating children and adults with mental health and addiction services. We look forward to this next year in providing clinical "best practices" services to our customers.

With gratitude,

Nelson W. Burns

President and Chief Executive Officer

A Note From Asha

For FY19 the Coleman Board of Trustees set goals of planning, stability, and growth. In order for Coleman to continue its position as a quality provider of behavioral health services in Ohio, it is important that the Board carefully plan for the future. With that in mind, we updated our strategic plan for Coleman's enduring growth so as to continue serving our communities and to expand our services to help more people. Though there are no expected changes in Coleman's leadership team, we realize that having a well-structured succession plan is critical to our stability and success. To that end, the Board worked with Coleman's executive team to establish a formal plan for all leadership positions. Quality services are at the core of Coleman's values. To ensure that our services continue to be of the highest quality, the board worked with employees and clients to get feedback and ideas for improvement. Our consultant compiled all the data and presented a plan. Coleman is on a strong foundation.

It has been my honor to chair the Board through these exciting times of growth and challenges.

Asha Goodner

President, Board of Trustees

Trusted Leadership

Coleman is fortunate that so many gifted, passionate professionals have chosen us to make their careers. Their work lives in the lives they have improved and the colleagues they have inspired. This year, we say special goodbyes and best wishes to these two exemplary leaders.

Deb and Sandy, because of you, Coleman has been a better organization.

Senior Vice President of Clinical Services, **Sandy Myers**, retired after 32 years of working at Coleman.

Chief Officer, **Deb Prioletti**, retired after 30 years of leading Coleman Data Solutions.

Gold Seal of Transparency

In 2019, Coleman Professional Services earned a 2019 Gold Seal of Transparency from Guidestar, the world's largest source of information on nonprofit organizations. By sharing information about our strategic goals, capabilities and our vision, we proudly highlight the difference we make in the world to foster recovery, build independence and change destinations for those we serve.

2019 Year at a Glance

Significant Events of 2019

Coleman became the primary provider for Crisis Services in Stark County, providing mobile crisis services for youth and adults, as well as a crisis stabilization unit. This is a new spectrum of services for Coleman in Stark County.

The Barberton Clinic launched a full continuum of Substance Use Disorder services in the First Quarter of FY19, including an Intensive Outpatient Program (IOP), complemented by Medication Assisted Treatment, Individual Therapy and Case Management. Coleman Professional Services has quickly become an IOP provider of choice for the Barberton Court and the Addiction, Drug Addiction & Mental Health Addiction Hotline.

Opened Coleman's first therapeutic playscape at our Center of Excellence for Children and Youth. Designed by our own therapist, the playscape is comprised of hardscapes and landscapes to give children a fun and safe environment to express themselves.

Coleman Data Solutions was recognized for their incredibly high standards and level of professionalism. The SOC 1 Type 2 Attestation recognizes Coleman Data as a company that thoroughly trains employees and can be trusted to handle to most sensitive data and information.

Coleman achieved a three-year accreditation from the Commission on Accreditation of Rehabilitation Facilities (CARF). CARF is an independent accreditor of health and human services, specifically behavioral health and employment and community services.

Service Areas

Many Locations. Many Services. One Coleman.

Those six words describe what is truly unique about Coleman Professional Services. Many organizations offer some fragments of these services. Coleman offers comprehensive treatment for adults, families, and children - regardless of their ability to pay.

Our services are built upon the pillars of our Mission Statement:

Clinical Services – Foster Recovery

Includes behavioral health, counseling, case management, substance use treatments, walk-in services, psychiatry, and crisis intervention and stabilization. Programs include FIRST (treating first psychotic episode) and Embrace (helping addicted pregnant woman to overcome their addiction, in order to have healthier outcomes for themselves and their babies).

Residential Services – Build Independence

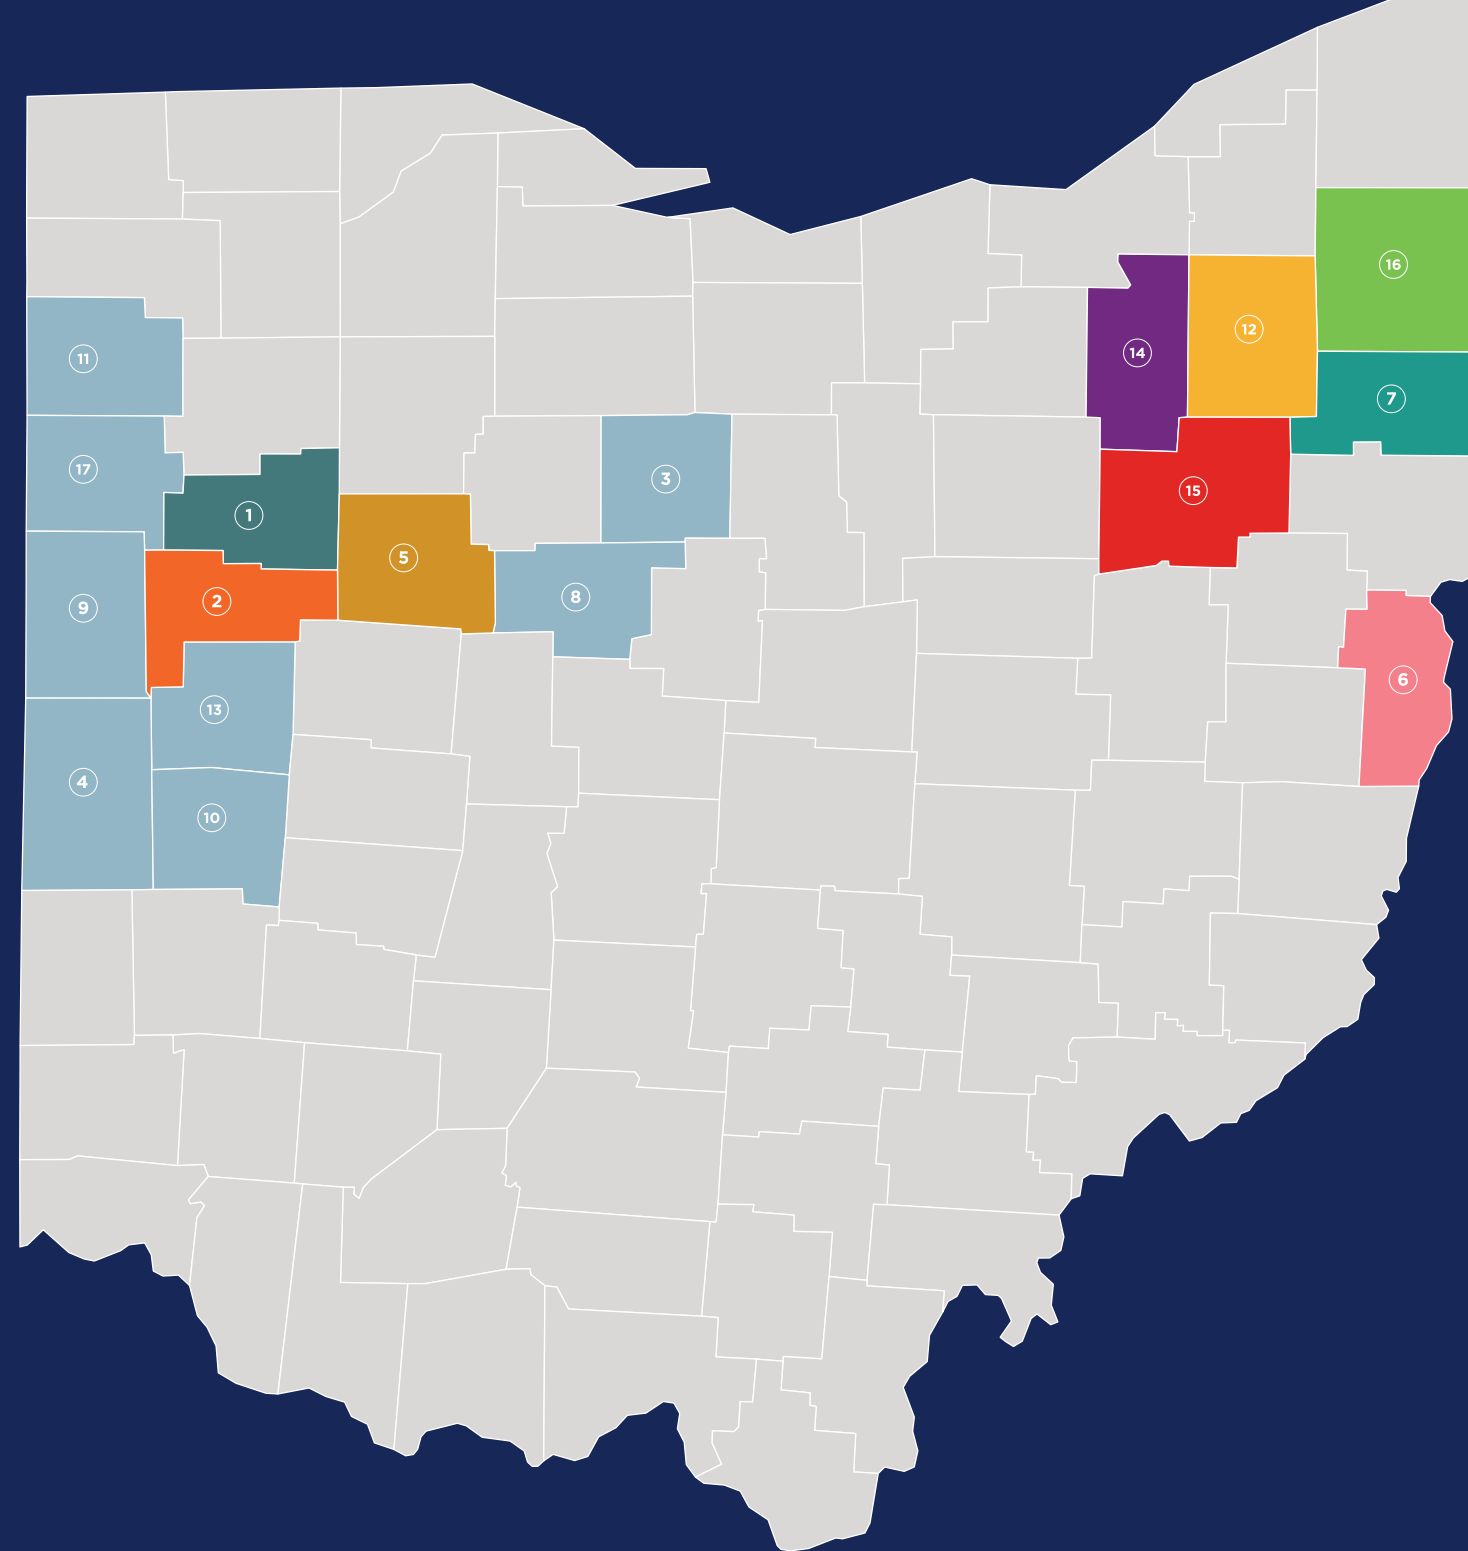

Housing assistance, group housing and youth transitional services that include apartment living, budget management classes and other programs that help prepare clients for independent living.

Supportive Services – Transform Lives

Mediation and conflict management, pregnancy, guardianship and family care – including adult day care services, eldercare case management, jail liaison support and adult protective services.

Employment Services – Change Destinies

Empower people to complete their education and build the skills they need to secure employment that matches their abilities. It includes job matching, assistance with interviewing, securing transportation and more.

Stark County Crisis Services One Year Later

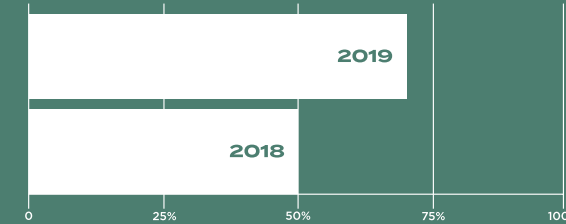

Since taking over the Crisis Intervention and Recovery Center (CIRC) in August of 2018, Coleman has been busy upgrading, renovating and growing the staff of what is now Stark County's leading, most comprehensive crisis center.

"We have been resilient in building the organization we believe will best serve the community," says Michelle Smith, Director of Coleman Crisis Services of Stark County.

She adds, "Growth and teamwork have also been critical to the sustainability of services rendered."

Remarkable Growth

The program renamed Coleman Crisis Services has marked many accomplishments in just over one year. **The Crisis Clients Served has increased from below 50% to 70%.**

To strengthen the staff and provide high quality care to the increased number of clients, **Coleman Crisis Services has hired fifty-six professionals.**

New Staff

In 2019 three new Directors were onboarded, completing the new Coleman Crisis Management Team. Brittany Reed joined as Director of Mobile Response, Tomika West joined as Director of Access, and Ashley Fuller as Director of the Crisis Stabilization Unit.

Continuing Education and Training

In April, several Coleman Crisis staff completed a 3-day training through International Critical Incident Stress Foundation to prepare them for participation in Stark County's Critical Incident Stress Management Response (CISM) Team. Since completing that training, staff have served as Team Leaders and/or community responders when critical incidents have occurred within the county, including debriefing about those events with other CISM team members and Stark County Mental Health and Addiction Recovery (StarkMHAR) staff.

Upgrades

The Crisis Stabilization Unit underwent significant renovations and a ribbon cutting was held on July 18, 2019 to celebrate the changes. Several community members including the Executive Director of StarkMHAR Board and the Mayor of Canton were present.

Students Raise Awareness & Money

The Mobile Response Team received over \$5,000 from Perry High School's inaugural Speak Life Resiliency 5k in the Spring of 2019. The second annual Speak Life Resiliency 5k benefiting Coleman Crisis Services takes place on April 26, 2020. The event is run by Massillon Perry High School students to help raise awareness of suicide prevention efforts while benefiting Coleman Professional Services' Youth Mobile Response team in Stark County.

Additional Community Support

Stark County Mental Health and Addiction Recovery (StarkMHAR) supports community services provided by Coleman Crisis. StarkMHAR always welcomes Coleman's insights that can lead to improvements in the region's crisis services.

Walsh University recognizes the value Coleman Crisis brings to the community and to future behavioral health professionals. Walsh is talking with Coleman about developing an internship program.

Spreading Awareness

Coleman professionals themselves were the best champions of our cause throughout 2019. Several Coleman Crisis staff joined Gary Rivers on WHBC in Canton to discuss the array of services offered through Coleman Crisis. Michelle Allison-Smith appeared on WKYC-TV's Live on Lakeside to discuss Coleman Crisis and how crisis management is integral to overall wellness and functioning across all domains, including employment.

Through all of this support, intentional growth and promoting the mission, the end result is better crisis response services for Stark County.

"Our goal is to increase the number of Stark County residents we serve, expand upon the services offered, and become an increasingly self-sustaining entity," says Michelle Allison-Smith.

Thanks, Rudy!

Coleman is grateful to United Way volunteer Rudy Wilmer for painting a warm, welcoming, trauma informed environment in several of our offices.

Allen, Auglaize and Hardin Counties

Coleman Thanks Michael Schoenhofer with Fundraiser and Endowment

Coleman recognizes the value of a great partner. So when Michael A. Schoenhofer retired in 2019 as Executive Director of the Mental Health and Recovery Services Board of Allen, Auglaize and Hardin Counties, Coleman CEO Nelson Burns and his wife, Suzanne, challenged those counties to raise \$10,000 to match their \$10,000 gift to create an endowment fund.

That fundraising challenge was met at an event hosted last December by Maria Sanko at the Shawnee Country Club in Lima, Ohio. The Michael Schoenhofer Endowment Fund now benefits Coleman behavioral health services in Allen, Auglaize and Hardin Counties.

“The strength and success of our programs and services rests entirely on quality staff who are highly motivated to care for our friends and family in need. I hope this endowment will encourage young people to work in our field and experienced staff to stay in the field.”

-Mike Schoenhofer

Embrace program empowers pregnant and postpartum women to address opiate use

Using medication assisted treatment and other behavioral health and recovery services, Coleman began the Embrace Program in 2019 to help women who are pregnant and postpartum with opiate use disorder (OUD). Embrace mostly serves residents in Allen, Auglaize and Hardin counties. Embrace operates in partnership with Mercy Health in Lima and is partially funded by a grant from the Ohio Department of Mental Health and Addiction Services (OhioMHAS).

Funding for this program was made possible (in part) by the Ohio State Opiate Response (SOR) - H79TI081684-01- grant from SAMHSA. The views expressed in written materials or publications and by speakers and moderators do not necessarily reflect the official policies of the Department of Health and Human Services; nor does mention of trade names, commercial practices, or organizations imply endorsement by the U.S. Government.

Jefferson County

Coleman Coffees Come to More Jefferson County Locations

Coleman Coffees bring people together for refreshments and fellowship while they learn about the services Coleman provides to their community. Coleman Coffees take place in every market we serve – including more locations in Jefferson County beyond Steubenville. Watch for alerts for a Coleman Coffee coming near you.

Reminder: Comedy Night Rescheduled for April 18

Our postponed 2019 Comedy Night fundraiser to benefit Coleman services in Jefferson County has been rescheduled.

Saturday, April 18th
St. Florian Hall
286 Luray Drive
Wintersville, OH 43953

Details/RSVP at ColemanServices.org/Events/ComedyNight.

Coleman's presence in Jefferson County continues to grow. Last year, we expanded our Coleman Coffees beyond Steubenville to smaller communities that benefit from Coleman's comprehensive behavioral health, employment and social services. Coleman Coffees are informational sessions that educate civic leaders and other citizens about these services – helping them help their neighborhoods build a brighter future.

Did you know?

There are eleven competing social service agencies in Jefferson County. Support Coleman's vision to be this region's model for excellence and the preferred choice for all who need help in crisis management, mental and behavioral health, case management, employment and social services.

Promoting Our Services Benefits More in Jefferson County

Coleman comes to the kids. Now offering counseling – right in school.

740-996-7100 | ColemanCares.org

Jefferson County exclusive billboard

Since 2015, Coleman Professional Services has provided comprehensive behavioral health, employment and social services to greater Jefferson County. In 2019, we increased our outreach to include more information, education and promotion of our services to better benefit the communities we serve.

“Coleman has a great story and it needed to be told,” said Kristy Good, Chief Officer. “Using billboards, a unique website and print materials – our awareness campaign led to an increase in clients served in just one year.”

Continuing to Build

Coleman continued to establish its Mahoning County presence that first began in 2017 and was formalized the following year when Coleman purchased the assets of Turning Point Counseling Services in Youngstown.

“Coleman provided a continuity of service to clients and eventually expanded it,” says Tammy Weaver, Coleman Vice President and Chief Officer for Mahoning and Trumbull Counties. “In 2019, we deepened our roots by reaching out to doctors who service Medicaid clients and increased our capabilities in the community.”

Right at Home Raises Record \$135,000

Founded in 1978, the Coleman organization has its longest presence in Portage County, where many behavioral health services and our main administrative services remain. In 2019, it was also the location of our 31st Right at Home fundraiser – the organization’s longest and most successful event. Held in the Aurora home of Dr. Fadi Abbass, Right at Home guests enjoyed some new touches – an elegant bourbon room, a live dance band – and raised a record \$135,000!

Thank you to our sponsors and all attendees for another successful year!

30 years of Right at Home has raised more than \$1 million for Coleman and changed countless lives.

2019

Coleman Adult Day Upgrades

Coleman Adult Day Services added updated amenities such as a new refrigerator and seating, supported by funding from the Northern Ohio Golf Charities and the first ever Kids 4 Coleman Jingle & Mingle event – a fundraiser founded by the Mandalari families. The 2019 event was held at Joyce and Jim Bowen’s beautiful home in Pambi Farm Estates. Funds raised through sponsorships and donations that evening will help defray the cost of daily care for those in need, regardless of ability to pay.

Transitional Age Youth Apartments Open in Kent

On May 15, 2019 in Kent, a ribbon cutting welcomed ten new apartments specifically built for Transitional Age Youth (TAY). Coleman’s youth transitional services assist youth and young adults with emotional and/or behavioral difficulties in their transition to adulthood.

Perry High Students Help Mobile Response Team

Perry High School students formed the Speak Life Committee and held a 5K run in spring, 2019. This raised funds for Coleman and awareness to bring connectedness, healing and hope to the community following a cluster of suicides the previous year. The committee received the Community Champion Award from StarkMHAR and the Youth in Philanthropy Award from Association of Fundraising Professionals (NE Ohio chapter).

New TAY Apartments Ribbon Cutting

May 29, 2019 Coleman held a ribbon cutting for the renovated transitional aged youth (TAY) Apartments in Massillon. The apartments provide a safe, supervised living space to stabilize, set goals and work toward independence. Services include vocational support, skill building, mentoring and coaching, and counseling. This gives young homeless adults with no support system a safe, affordable home and opportunities to learn life and job skills.

Coleman Crisis Center Grows

After assuming management of the Crisis Intervention & Recovery Center in 2018, Coleman added new directors and management, and significant renovations, culminating in a July 18, 2019 ribbon cutting. (For more details, see story on page 9.)

2019

Michael: A Coleman Success Story

After moving to Ohio to pursue a relationship, Michael suffered severe trauma, became homeless and found himself in the depths of the court system. Michael received help and support from the HOPE court rehab program and Coleman Professional Services. He rebuilt his life through recovery, counseling, and skills training. He now owns his own home, and has secured a job with Coleman Data Solutions.

Summit County

Coleman Expands its Summit County Footprint

Barberton's Drug and Mental Health Courts

In 2019, Coleman opened a new Medication Assisted Treatment (MAT) program in Barberton, plus an Intensive Outpatient Program (IOP), and Aftercare services. Also, Coleman was awarded grant dollars from the Tuscora Park Foundation to Barberton schools to provide truancy mediation and family engagement services.

Mental Health Treatment in Summit

Coleman became a Charter member of the new Mental Illness and Intellectual Disability (MIID) team in Summit County. We also opened two more Easy Access Clinics, offering increased psychiatry capacity.

New Day and Hope Courts in Akron

Coleman facilitated the first psychoeducational group for newly resettled refugees, offering behavioral health information and resources. Coleman also supports Hope Courts. (See success story to the left.)

New Specialty Treatment Modalities

Our new offerings include: Art Therapy, Biofeedback, Eye Movement Desensitization Reprocessing (EMDR), and Trauma Informed Therapy

Trumbull County

Traditions & Convenience

The tradition continued in Trumbull County in 2019 with the third Annual Coleman Cup golf outing held at Cranberry Hills Golf Course.

2019 marked the first year that Coleman offered services in a consolidated facility in downtown Warren after more than a decade of services spread across the county. This allows clients to arrange appointments with multiple providers in one visit. That convenience reduces scheduling and transportation issues. It is also more efficient for Coleman staff to communicate and collaborate in order to better provide high quality, comprehensive services to our clients.

Success Story

“I know I’m going to do it, it’s just a matter of when.”

On October 2, 2019 a distressed 39-year-old woman with a history of sexual abuse, binge drinking and homelessness, staying with her sister, called the National Suicide Prevention Lifeline and was directed to a staff member from Coleman. The caller expressed despair and the staff member on the phone listened, supported and gained the caller’s trust. The caller reported that she had thought about killing herself every day since she was 8 years old. With her birthday looming she stated, “I know I’m going to do it, it’s just a matter of when.” The staff person engaged in a long dialogue about a plan for her future. The caller stated, “I don’t know what tomorrow holds, but I want you to know I’m safe for today. No one has taken the time to listen to me in the way you did today.” The caller began to cry and repeatedly thanked the staff stating that she would call back if it got to be too much again.

“I don’t know what tomorrow holds, but I want you to know I’m safe for today. No one has taken the time to listen to me in the way you did today.”

Honoring Those in the Coleman Legacy Society

A legacy is more than just a gift of money given by people after they die. It is also a continuation of their good will and intention after they pass away – a reflection on the life they lived. How will you be remembered? Research shows us that those who work to create a legacy find more meaning in their lives.

In May, 2019 Coleman hosted an event to honor members of our Legacy Society – those who have established a bequest, charitable trust, a named endowment or other planned gift for Coleman.

Those who were honored include:

Coleman thanks these generous donors and appreciates the legacy they have arranged for those Coleman serves now and in the future. If you share the Coleman mission – Foster Recovery, Build Independence, Change Destinies – then consider supporting Coleman in the form of a legacy. Your positive impact will live on after you.

Social Enterprise Businesses Help Fulfill Mission

Helping others face behavioral health and other challenges is why we do what we do. Being fiscally responsible is how we have continued to serve our ever-growing number of clients and communities for more than forty years.

Coleman has responsibly grown over time with a business model that is nationally recognized, including a proactive mastering of the many recent intricate revisions in Medicaid policy.

Another example of Coleman's strategic fiscal responsibility is in the development of our social enterprise businesses. Our four businesses produce capital that fund our social programs. If you support the Coleman mission, please consider doing business with the Bean and the Baker coffee shop and restaurant, Coleman Consultation Services, Coleman Data Solutions and Coleman Rental Management.
